for President.

WEARING HIS FIRST UNIFORM

Victor Over Federal Forces at Ojinaga
and Chihuahua Returns to His
Home at Juarez and Makes a State-
ment Disclaiming Any Political Am-
bitions and Declaring Loyalty to His
Chief.Juarez, Mex., Jan. 29.—General Fran-
cisco Villa, military commander of the
rebel forces, disclaimed any ambition
to become president of Mexico in the
event the revolution is successful. He
said that, although his victories
against the Huerta forces at Ojinaga
and Chihuahua had attracted atten-
tion to himself, in this connection he
does not wish to overshadow General
Carranza, whom he recognizes as the
leader of the revolution."Should General Carranza become
president he would receive my sup-
port and I would obey his com-
mands," General Villa said. "As
proof of my loyalty and as evidence
that I have no ambition to become
president I would leave the country
if he ordered me to do so."General Villa's interview was given
in his adobe house, where he went
immediately on his arrival from Chi-
huahua. On the floor in the front
room where he stood were sixteen
bags, each containing 1,000 Mexican
dollars, and on the window sill were
half a dozen newly purchased dia-
mond rings, still glittering in their
plush boxes. The coin was purchased
from the banks in El Paso for use
in Chihuahua, where silver has been
scarce, and the diamond rings were
presents from various rebel com-
manders.General Villa, much tanned by his
campaigns on the desert about Ojin-
aga, was garbed in a newly made dark
olive green uniform, the first uniform
he ever wore.

MAY GRANT REBEL APPEAL

President Is Expected to Lift Embar-
go on Arms.Washington, Jan. 29.—The ever re-
current appeal of the Mexican consti-
tutionalists that they be permitted to
purchase arms in the United States
on an even footing with the Huerta
government may be granted soon.Practically the entire cabinet, many
members of the senate foreign rela-
tions committee and many of the lead-
ers in congress are ready to support
the president should he release the
embargo on arms by proclamation.That the president is giving serious
consideration to the question of arms
is apparent not alone from the trend
of his talk to the senate foreign rela-
tions committee, but from the evi-
dence which daily has been brought
to the Washington government of the
disadvantage to which a denial of
arms has put the Constitutionalists.

NEW TREATY WITH DENMARK

Bryan and Minister Brun Arrange
Arbitration Pact.Washington, Jan. 29.—Arbitration
of all questions which may arise, in-
cluding those involving national hon-
or, is proposed in a treaty, the terms
of which were agreed upon by Sec-
retary Bryan and Constantine Brun, the
Danish minister.It is expected that the new treaty
will be signed soon. Mr. Bryan is
optimistic over the reception it will
be given in the senate.The convention, which will be an
amplification of the principles of Mr.
Bryan's peace proposals, makes no
reservation in the subjects to be sub-
mitted to arbitration. Its basis is a
convention between Denmark and
Italy signed at Rome Dec. 9, 1905,
which obligates the signatory powers
to submit to arbitration at The Hague
court "all disputes of whatever nature
that may arise between them and
could not have been settled by di-
plomacy."

OUT BECAUSE OF UPRISING

Entire Civil Government of Alsace-
Lorraine Resigns.Strasbourg, Alsace-Lorraine, Jan.
29.—Baron Seron von Bulash, sec-
retary of state, announced in the diet
that the entire civil government of
Alsace-Lorraine has resigned as a re-
sult of the difficulty which recently
arose between the civil and military
authorities at Zabern.

Plenty of Means.

automobile. I didn't think he had suf-
ficient means to do that. Winks—Oh,
he has all sorts of means of borrowing
money and just as many means of
spending it.

FOR PROHIBITION IN RUSSIA

Count Witte Asks Council to Stop Con-
sumption of Spirits.St. Petersburg, Jan. 29.—The coun-
cil of the empire was started by a
dramatic appeal from Count Sergius
Witte, the former premier, to stop the
consumption of spirits, which he de-
clared is leading Russia to ruin.PORT AU PRINCE

ALL DANGER APPEARS PAST

Arrival of Battleship South Carolina
and Formation of Committee of Pub-
lic Safety Has Resulted in Haytian
Port Assuming a More Orderly
Aspect.Port au Prince, Hayti, Jan. 29.—With
the arrival of the United States bat-
tleship South Carolina and with
American and German bluejackets
guarding the legations and patrolling
the town conditions at Port au Prince
took on a more orderly aspect. A
committee of public safety has been
organized and it is believed all danger
to foreign residents is past.President Oreste is still aboard the
German cruiser Vineta and the coun-
try is without a government. The
former Haytian minister at Washing-
ton, Solon Menos, who it was thought
would act as chairman of the commit-
tee of safety, declined to serve and
former Senator Stephen Archer was
named as chairman.The committee sent a delegation on
board the yacht Nord Alexis to ar-
range for the entry into the capital
of Senator Davilmar Theodore, the
leader of the revolution, who is now
at Cape Haytien. Other measures
will be taken to establish a govern-
ment at as early a date as possible.

BRISTOW REMAINS IN RACE

Kansas Senator Announces His Can-
didacy to Succeed Himself.Topeka, Kan., Jan. 29.—J. L. Bris-
tow, United States senator from Kan-
sas, will be candidate to succeed him-
self for the senate on the Republican
ticket.This announcement was made
when a friend made public a letter
from Senator Bristow containing his
declaration. Senator Bristow's letter
says in part:"I will be a candidate before the
Republican primaries next August for
the nomination of United States sen-
ator and I trust I may have your sup-
port. A number of Progressive friends
have been criticizing me because I
thought it better for the progressive
movement to remain in the Republi-
can party than to undertake to pro-
mote these progressive ideas through
a third party organization."

LIMIT OF 6 PER CENT FIXED

No Bank Can Take More Stock Than
Minimum Required.Washington, Jan. 29.—It became
known that the federal reserve bank
organization committee has decided
that no bank shall be allowed to take
stock in the reserve bank in its dis-
trict amounting to more than 6 per
cent of its capital and surplus.The law clearly states that a na-
tional bank cannot take less than 6
per cent, but it is not so plain that
there is any limitation on the amount
above 6 per cent which might be sub-
scribed. It is understood that if fu-
ture demands point to the need for
larger subscriptions the committee,
or the federal reserve bank, when it
is organized, can change the present
rule.

FOR PROMOTION OF TRADE

Russian-American Bank for St. Peters-
burg Proposed.St. Petersburg, Jan. 29.—Informal
overtures were made by a group of
Russians to the ministry of finance,
with a view to obtaining a charter for
a Russo-American bank, intended to
promote trade between Russia and
the United States.The applicants said they were act-
ing in concert with large American
banking interests.The reply given was to the effect
that no discussion of the matter could
be entertained until securities repre-
senting half the amount of the capital
of the proposed bank—\$2,500,000—
had been deposited either in St. Pe-
tersburg or abroad.This precaution is intended to pre-
clude the risk of negotiations being
opened with mere concession hunters.
It in no way implies the readiness of
the ministry of finance to grant the
charter demanded.

ELEVEN DEATHS FROM FIRE

Blaze in Railroad Tunnel at Dante,
Va., Costs Many Lives.Dante, Va., Jan. 29.—Another death
brought to eleven the total of lives
lost as a result of the fire in the tun-
nel under construction near here on
the Carolina, Clinchfield and Ohio rail-
road. Twenty-seven workmen were
burned while fighting the flames.

SHELBY M. CULLOM IS DEAD

Former Illinois Senator in Public Life
Fifty Years.Washington, Jan. 29.—Former Sen-
ator Shelby M. Cullom of Illinois died
here after an illness of more than a
week, during which he hovered be-
tween life and death. His last words
were a wish that he might have lived
to see the completion of the national
memorial to Abraham Lincoln, who
was his personal friend.Since his retirement from the sen-
ate last March Mr. Cullom has been
resident commissioner of the commis-
sion created by congress to build the
\$2,000,000 Lincoln memorial.A little more than a week ago he
was taken with grip. His advanced
age put his recovery beyond hope, but
his wonderful vitality postponed the
end from one sinking spell to another.
He was eighty-five years old.Shelby Moore Cullom's death ended
fifty years of continuous public ser-
vice that had made him a conspicuous
figure in American national life and
brought him into official relations with
every president from Abraham Lin-
coln to Woodrow Wilson.Funeral services will be held in
Springfield, Ill., at 2:30 p. m. Sat-
urday, in the representatives' hall of
the statehouse.JAPANESE FOREIGN
SECRETARY TALKSDiscusses Negotiations in Pro-
gress With America.Tokio, Jan. 29.—Baron Makino, the
foreign secretary, in reply to ques-
tions in the house of representatives,
said that negotiations are in progress
with Secretary Bryan with the object
of eliminating the discriminatory
treatment of Japan contained in the
measures which either have been
adopted or are pending in the United
States. He mentioned the bill pro-
hibiting the importation into the Uni-
ted States of goods made by laborers
less than fourteen years old, which
Japan considers conflicts with the
provisions of the treaty between the
two countries.

PARTY FACED DEATH LONG

Difficult Rescue From Wrecked Van-
derbilt Yacht.New Orleans, Jan. 29.—Death faced
the party aboard Frederick W. Van-
derbilt's palatial yacht Warrior for
hours after the craft, with its dis-
tinguished passengers, was wrecked
on a reef off the coast of Colombia,
according to fragments of wireless
messages picked up here. The mes-
sages told of heroic but futile efforts
made by the United Fruit company's
steamer Fruitera to reach those on
board.Captain Heinschaen finally was
forced to summon the steamer Almi-
rante, which effected a perilous res-
cue. All the Fruitera's lifeboats es-
cued. Those on board the Almirante are Mr. and
Mrs. Vanderbilt, the Duke and Duch-
ess of Manchester and Lord Arthur
George Keith-Falconer, son of the
Earl of Kintore.

TRUST MEASURES TAKE TIME

"Little Fellow" Gets In Many Speeches
During Consideration of National
Expenditures—Want Men Who Built
the Panama Canal to Build Alaskan
Railway—No Frontier Left.

By ARTHUR W. DUNN.

Washington, Jan. 29.—[Special.]—Al-
though only one of the thirteen big ap-
propriation bills has passed the house
and not even one of them has been
considered in the senate, talk about
adjournment of the session has been
going the rounds. It is stated that the
president expects congress to finish its
work early in June, and an intimation
is made that congress ought to heed
the wishes of the president.Right on top of these White House
intimations came the message on
trusts furnishing enough food for
months of talk in congress. Meanwhile
congress went along with the ap-
propriation bills—slowly, deliberately
and without apparent haste. The senate
has been called the greatest delibera-
tive body in the world, but the house,
considering appropriation bills, beats
the senate far and away.

Chance For the Little Fellow.

Appropriation bills afford an op-
portunity for the little fellow, the man
who makes no stir on the big ques-
tions. Under the five minute rule
which governs appropriation bills every
member of the house has the right to
offer an amendment to every para-
graph and talk five minutes on that
amendment. Many members avail
themselves of that privilege under the
guise of parsing down the bills. All the
work of defeating small amounts by
points of order, another weapon of the
little fellow, is undone in the senate,
where the committee fixes up the bill,
and when the senate speeds up it is
passed in half a day. Days are con-
sumed in the house over trivialities on
appropriation bills.And yet they talk of an early ad-
journment.

For the Canal Force.

Senator Walsh thinks that the force
which has completed the Panama can-
al can be utilized to good advantage
in building the railroad in Alaska. He
says that no better corps of men were
ever assembled than those who have
made the canal possible. He speaks in
the highest terms of the army engi-
neers and also of the civilian employ-
ees who have furnished the brains and
the strength to build the canal.

Might Feel Sorry.

One day John Sharp Williams was
talking and Senator Lane wanted to
interrupt him. Williams wanted the
Oregon man to wait until he had com-
pleted his statement."But I want to catch you right
there," said Lane."You may feel sorry after you have
caught me," replied the Mississippi
senator, and murmured something
about being the kind of an animal that
fights worst when he is cornered.

No Frontier Left.

Men who have known something
about frontier life thought there
might be such an existence in Alaska.
Delegate Wickersham of the big terri-
tory explained:"Gentlemen talk about a 'prairie
scholar' and a 'cowboy' existence in
Alaska, as if somebody could go to
Alaska in a 'prairie schooner' and be a
'cowboy.' The gentleman from Okla-
homa (Davenport) did not go to Okla-
homa in a prairie schooner. He went
in a Pullman palace car, built at the
expense of the surrounding states.""I went to Oklahoma as a farm la-
borer," retorted Davenport. "I rode in
the smoker of a railroad train, as you
did in going to Alaska, for we were
both broke."Of course Wickersham could only
ride part way in a railroad car of any
kind, but went by water part of the
way. It may be necessary to explain
that a "prairie schooner" is a wagon
covered with canvas, which was the
transportation of the pioneer days.

"Is School Out?"

"Is school out?" asked a prominent
Democratic member of the house, go-
ing toward the chamber just after
President Wilson had concluded his re-
cent address on the trusts. This is
one of the southern members, who
says he is old fashioned in his beliefs
and does not like the newfangled ideas,
such as presidential primaries, presi-
dential addresses to the two houses of
congress and other things which came
in on the progressive waves.At the same time the interest of the
people in the president does not seem to
flag. At least fifty of the ninety-five sen-
ators attended the joint session, and the
attendance of representatives was still
larger in proportion. As usual, the gal-
leries were filled.

Days of Long Ago.

Reference was made in the Alaska
debate to big railroad jobs, construc-
tion companies within railroad com-
panies, by which enormous fortunes were
made by men who built railroads long
ago."Those were the days of Jay Gould,
Jim Fisk and Tom Scott," said Sen-
ator Walsh of Montana. "We will never
see their like again."

TO GIVING \$1,000Admits Paying Money for Priv-
ilege to Run Resort.St. Paul, Jan. 29.—Dorothy Hazzard,
former resort keeper, from whom it
is alleged a \$1,000 bribe was collected
for police protection for her resort,
testified for the state in the trial of
former Chief Planagan and former De-
tective Turner and corroborated in
part the testimony given by Willie
Wolf, the state's star witness, that
\$1,000 had been collected from her
by Wolf March 29, 1913, and that the
money was for police protection.The Hazzard woman admitted she
had talked with Sam Coplovich and
Willie Wolf about the amount to be
paid and that she held several con-
ferences with Wolf in the presence
of either Planagan or Turner and that
at these conferences Wolf and the
police officers had discussed the re-
opening of the Hazzard resort, which
was closed March 13 following the
woman's arrest on three minor
charges.The witness denied, however, that
she ever had talked with either Plan-
agan or Turner about the payment
of the \$1,000 to Willie Wolf.

Lanai of the Hawaiian group. He
bought it five years ago from Charles
Gay for \$1. Though a British subject
he was master of an American region
of 139 square miles, with a population
of 600. The purchase caused threats
of international complications, but the
United States supreme court upheld

as running into the tens of millions.

STRIKE PROBE IS RESENTED

Mine President Says Proposed Action
Will Prolong Trouble.New York, Jan. 29.—In a statement
issued here Quincy A. Shaw, presi-
dent of the Calumet and Hecla Mining
company of Michigan, "regrets and re-
sents" the resolution recently
adopted by congress for the investiga-
tion of the Michigan copper strike.
Mr. Shaw says that the action pro-
posed would prolong the "semblance"
of the strike."The investigation is not desirable,"
Mr. Shaw says, "because the terms of
direction which congress gives in the
resolution are unfairly aimed at one
side of the controversy and excludes
from investigation the bloodshed in-
spired by the leaders of the strike."CANADA WILL SOON

The Wickedest Bit of Sea.

Nine out of ten travelers would tell inquirers that the roughest piece of water is that cruel stretch in the English channel, and nine out of ten travelers would say what was not true. As a matter of fact, "the wickedest bit of sea" is not in the Dover strait or in yachting, for example, from St. Jean de Luz up to Pauillac or across the Mediterranean "race" from Cadiz to Tangier, nor is it in rounding Cape Horn, where there is what sailors call a "true" sea.

The "wickedest sea" is encountered in rounding the Cape of Good Hope for the eastern portion of Cape Colony.—London Globe.

New Moving Picture Theatre is the Latest in the Engrossing World of Movies

IS BEAUTIFULLY DECORATED

Offers Seating Room for 550—Performances Given Afternoon and Evening Each Day

Tonight the new Columbia theatre of Edwin Harris Bergh, the latest word in the engrossing world of the movies, gives its opening performance at 7 o'clock in the evening. Everything is in readiness. The powerful moving picture machine, a Powers 6A, was tested last night and given its final adjustment.

The exterior of the theatre is something new in decorative art in Brainerd. The bas reliefs picture four angels with garlands, and these as well as other decorations of the frieze are painted in gold. The two arched entrances are studded with hundreds of high power electric

lights to the foot, sufficient to give every seat a clear and unobstructed view of the pictures shown.

Four thousand feet of film, with changes four times a week, that is on Monday, Wednesday, Friday and Sunday, will be shown. There will be matinee and evening performance every day. The matinees will be from 2:30 to 4:30 and the first one will be given Friday afternoon.

Construction of the Columbia theatre building was commenced in September, 1913 by the owner James M. Hayes. The new building replaces an old structure and the public spirit and progressiveness of Mr. Hayes is exemplified in the splendid improvement made to this corner, an improvement which is virtually a benefit to the entire business section of Brainerd.

The building was built by the Monarch Construction Co. of St. Paul, with Nels Kjar in immediate charge at Brainerd. The plans were drawn by White Brothers, and the work and material of many Brainerd firms was used in the construction of the build-

ing churches. He played seven years in the Episcopal church in the Jersey Islands.

Miss Cecil Witham is a local musician and a piano player of ability, having had experience in playing at the opera house and some of the leading moving picture houses of the city.

William Rodenkirchen is the cello player of the Columbia orchestra. He is a well known musician of the city and played several years in different orchestras in St. Paul.

William Rodenkirchen

Arthur Johnson, of St. Paul, is the moving picture operator, who has been employed in three or four of the leading movies of the Twin Cities. He is also a sign painter and decorator.

The piano and organ used in the theatre has been installed by Wm. Graham. Both will be tuned every month by Prof. Bartsch.

Nels Kjar, of St. Paul, is the foreman who was in charge of the work of building carried on by the Monarch Construction Co. Mr. Kjar comes from a family of builders and

contractors of Copenhagen, Denmark. His work in Brainerd demonstrates the thoroughness of his instruction and his capabilities as a builder.

SOUTH SIDE CLUB

The South Side club have been located in their new quarters for the past week, at 624 South Broadway. The club has a membership of 26. The boys say that they will have a public opening soon to which the public will be cordially invited to come and inspect their new club rooms.

The S. S. C. has risen from a membership of 7 in a little shack on South 10th street to their present quarters and membership by a stick-to-ativ spirit. This club movement in Brainerd has the right kind of spirit among the boys and should be given encouragement.

At a recent meeting the club elected the following officers:

Frank Butke president, John Cud-dihy treasurer, and Fred Stallman secretary.

NORWEGIAN DANCES

Thorshaug-Borge Company Exponents of Many of the Norwegian Folk Dances

A large attendance at the Redmen hall on Tuesday evening had the pleasure of witnessing the dancing exhibition and hearing the concert given by Olav Thorshaug, Nils Borge and Miss Randa Thorshaug.

The "Hallingsdansen" and the "Hallingskast" were admirably portrayed by Olav Thorshaug while Nils Borge played the Hardanger violin accompaniment. In agility and grace Thorshaug excels many of the dancers whose medium is the modern dance. He jumped five feet at the close of one of his exhibitions and kicked a cap from a pole.

In a dance with his sister, Randa Thorshaug, the two spun about in a bewildering whirl, Thorshaug leaping into the air at unexpected intervals and threatening to bound from the narrow platform. The men were dressed in Norwegian costume and many expressed the wish that Miss Thorshaug would have also been attired in national costume.

The violin playing on eight-stringed violins was interesting and classics of Grieg were given as well as the popular folk songs. The entertainment was under the auspices of the Sons of Norway.

Poorly Paid Police.

The Paris police are poorly paid. The maximum salary attainable by a "sergent de ville" is \$300 a year. In view of the high cost of living in Paris this amount is inadequate to maintain a family in any degree of comfort, and the married members of the force have frequently to supplement their income as best they can. Some of them earn a few francs by working as market porters during their time off duty. Others do boot repairing, and there is one who does odd tailoring jobs. Still, in spite of these hardships, there are always plenty of men eager to join the force, about ten candidates being available for every vacancy that occurs.

In business there is a certain "overhead" charge against each package—packing, wrapping, boxing, cartage, freight, delivery, etc. And here is how we solved the problem of making Snow-Mellow economical for you. The same "overhead" expense that pays for delivering a ten-cent package to you will pay for delivering five or six or seven times that quantity of Snow-Mellow if we put it all in one package, and that is what we have done.

Instead of putting only enough Snow-Mellow for one dessert in a package and charging ten cents—we put seven times that quantity—enough for seven desserts—in one package, and instead of charging you seventy cents, the price is only 25c—because we save for you the cost of packing and delivering the six extra packages. That is the only fair way. For after you once find how easy to make and how good to eat Snow-Mellow is—you will want to serve it in different desserts several times every week.

So go today, madam, to your grocer and get for your family this exquisite, wonderful Snow-Mellow.

FREE! Our Special Snow-Mellow Beater—which makes 4 cents' worth of Snow-Mellow go as far as 15c worth of eggs—is absolutely FREE to you! The Flag.

On June 14, 1777, the Continental congress resolved that the flag of the United States be thirteen stripes, alternate red and white, and that the Union be thirteen white stars on a blue field. On Jan. 13, 1794, by an act of congress, the flag was altered to fifteen red and white stripes and fifteen stars. On April 4, 1818, congress again altered the flag by returning to the original thirteen stripes and fifteen stars, as the adding of a new stripe for each additional state would soon make the flag too large. A new star is added to the flag on July 4 following the admission of each new state.—New York American.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and luxuriant at once—No more falling hair

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching—scalp and no more falling hair—you must see Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

Barometers indicate State of Mind. If you're a business man—watch the barometer.

If you want to sell a big bill of goods—watch the barometer.

Such is the advice of Dr. Colin A. Scott, professor of psychology in the Boston normal school.

The barometer, he says, is as sure an indicator of persons' minds as it is of the weather. You'll find them active and up and doing with the barometer high; gloomy and irritable with the barometer low.—Boston Post.

WOMAN'S delicate system requires more than ordinary care and attention—more care and attention than it is given by the average woman. Neglect it and ill soon creep in, and the look of old age, sometimes quickly, sometimes gradually follows.

IT'S A POOR ARGUMENT to say that if you save the premiums on fire insurance for a certain number of years you would have the face value of the policy. So you would if you lived long enough and had no fire in the meantime. But suppose you have a fire tonight, tomorrow or next month. Have us insure you first and do your fancy figuring afterwards.

GOOD SUGGESTION TO BRAINERD PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Alder-i-ca, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach almost IMMEDIATELY. We are mighty glad we are Brainerd agents for Alder-i-ca. Johnson's Pharmacy. Adv.

SLEEP DISTURBING BLADDER WEAKNESS

BACKACHE AND RHEUMATISM VANISH

Even Most Chronic Sufferers Find Quick Relief

A few doses of Hindipo never fail to relieve such troubles, because it cleans out the clogged up, inactive organs, and makes them work properly. It soaks right into the kidneys, cleans out the little filtering cells and glands; neutralizes the urine so it no longer irritates the tender membranes of the bladder; dissolves the poisonous uric acid substances that lodge in the joints and muscles, and cause rheumatism, and cleans out and strengthens the lifeless kidneys so they can filter and drive the poison from the blood, and drive it out of the system.

So sure—so positive—so quick and lasting are the results obtained from Hindipo that three doses a day for a few days are often all that is required to end the worst backache, regulate the most annoying bladder disorders and put the kidneys in healthy, active condition.

It is practically impossible to take this quick-acting, effective preparation without results.

An original package costs but a trifle and all druggists are authorized to return the purchase price if Hindipo fails to promptly give desired results, regardless of how old you are or how long you have suffered.—Johnson's Pharmacy—Adv.
